

Manjusha Patil

Computer Science Lecturer

manjushapatil.net@gmail.com

Profile

Enthusiastic Computer Science educator with experience as a Guest Lecturer, dedicated to fostering academic excellence and student growth. Skilled in delivering engaging instruction, mentoring learners, and integrating technology into teaching to inspire curiosity and critical thinking.

Education

M.Phil. (Computer Science) Vinayaka Mission University	09/2008 Tamil Nadu
M.Sc (Computer Science) North Maharashtra University First Class - 62.75%	04/2003 Jalgaon, Maharashtra
NET (Computer Science) Qualified	03/2013

Professional Experience

Guest Faculty – Department of Computer Science PMCOE Govt. P.G. College	09/2007 – Present Dhar, Madhya Pradesh
Over 18 years of experience teaching undergraduate and postgraduate Computer Science courses, guiding 3,000+ students , and mentoring 150+ academic projects .	
- Delivered 500+ lectures annually and supervised practical labs across a wide range of subjects. - Coordinated 35+ curricula and examination cycles, ensuring smooth academic delivery. - Served as External Examiner for 40+ practical examinations at reputed colleges. - Oversaw 200+ internal assessments, including invigilation, paper setting, and evaluation. - Contributed to 20+ academic committees, workshops, and student seminars, promoting academic growth.	
Guest Lecturer – Department of Computer Science Jai Hind Education Trust's Z.B. Patil College	2005 – 08/2007 Dhule, Maharashtra
Taught foundational and core Computer Science subjects at the undergraduate level, supporting both theoretical learning and practical application.	
- Conducted lectures, tutorials, and supervised 100+ lab sessions to strengthen hands-on skills. - Designed and evaluated student assessments, ensuring fair and transparent grading. - Assisted in academic coordination, examination duties, and curriculum planning to maintain academic standards.	

Skills

Subjects Taught

- Programming & Software Development:** C, C++, Java, Python
- Data Management & Analytics:** Data Structures, Database Management Systems (DBMS), Data Warehousing, Data Mining
- Systems & Infrastructure:** Operating Systems, Computer Architecture, Computer Networks
- Theoretical Foundations & Emerging Technologies:** Theory of Computation (TOC), Compiler Construction, Artificial Intelligence (AI), Machine Learning (ML)

Academic Responsibilities

- Conducting **500+** **theory** and **lab sessions annually** for **UG** and **PG** courses.
- **Preparing** and **updating** lecture notes, lab manuals, and course content.
- Appointed **External Examiner** for practical exams at affiliated colleges.
- Engaged in the **University's exam work**: paper setting, invigilation, and evaluation.
- Guiding **Mini** and **Major** student projects, practical assessments, and seminar presentations.
- Proficient in ICT tools, online teaching platforms, and blended learning techniques.

Core Strengths

- Strong subject expertise with effective **classroom management** and **student engagement** skills.
- **Dedicated, hardworking,** and **committed** to fostering student success and holistic development.
- Quick to adapt to **emerging technologies** and innovative teaching methodologies.
- Positive, collaborative, and team-oriented with **excellent communication** and interpersonal abilities.
